SUMMARY

Experienced **Software Developer** with 4+ years in **backend development**, specializing in **financial technology (FinTech)** and **secure microservices**. Proficient in **integrating payment solutions, transaction management systems, and banking APIs**. Skilled in **Java, Spring Boot, and AWS cloud services**. Currently based in **Dubai**, seeking impactful opportunities in the banking domain.

PROFESSIONAL EXPERIENCE

Xgile-IT, South Africa (Remote) | Intermediate Java developer

Oct 2022 - Dec 2023

As a developer, I integrated user stories with **AWS services (SNS, SES, EKS, ECS, ECR)**. Key experiences include:

- Integrated **financial APIs and AWS services** to optimize **transaction handling and reporting**.
- Designed and developed an adaptor and CLI for MFS Africa, **enhancing transaction efficiency**.
- Resolved critical bugs in FinTech applications, **improving system stability and user satisfaction**.
- Collaborated in **Agile environments** to deliver high-quality solutions for **financial systems**.

InfoDevelopers Pvt. Ltd. | Java Developer

Nov 2020 - Oct 2022

- Developed **secure microservices** for financial **data management and transaction processing**.
- Created user-friendly **dashboards with Angular** to improve customer experiences.
- Worked on **payment gateway integrations**, ensuring seamless **API communication** and data integrity.
- Collaborated with BAs and QAs to **analyze requirements** and deliver tailored financial solutions.

InfoDevelopers Pvt. Ltd. | Java Developer Trainee

May 2020 - Oct 2020

- Learned company standards for application software development.
- Gained expertise in **Agile and iterative software development methodologies**.
- Conducted software analysis, programming, **testing, and debugging**.
- Contributed to all phases of the **development lifecycle**.

PROJECTS

- **mDabali and Payment Gateway (PG)**
 - **Role:** Backend Developer
 - **Integrated third-party APIs** for payment processing in **banking systems**.
 - Developed modules for generating **transaction reports and user activity analysis**.
 - Ensured **secure and efficient communication** between backend services and payment gateways.
- **Human Resource Management Tool (HRM)**
 - **Role:** Backend Developer
 - Spearheaded the backend development for HRM tools to **automate payroll and employee management**.
 - Implemented **secure data handling practices** for sensitive employee information.
- **MFS Adaptor and CLI**
 - **Role:** Backend Developer
 - Designed a **command-line interface** and adaptor for MFS Africa, **streamlining cross-platform transactions**.
 - Focused on enhancing interoperability and compliance with **banking standards**.

EDUCATION

- **Pokhara University, GCES, Nepal - (2022 – 2025)**
 - **M.Sc. in Information System Engineering**
 - GPA: 3.79 (3 Semesters) (Thesis in progress)
- **Pokhara University, NEC, Nepal - (2015 – 2019)**
 - **B.E. in Computer Engineering**
 - GPA: 3.0

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, PHP
- **Frameworks & Tools:** Spring Boot, MyBatis, Thymeleaf, Angular, Jira, Postman
- **Databases:** PostgreSQL, MySQL, MongoDB
- **Cloud & DevOps:** AWS, Docker, Kubernetes
- **Testing:** JUnit, Mockito
- **Version Control:** GitHub, GitLab, Bitbucket
- **Additional Skills:** Redis, RabbitMQ, Elasticsearch, PostGIS, HTML, CSS, Machine Learning
